

TRUSTEES' MEETING

CHAMBER OF COMMERCE MEMBERS MEET WITH BOARD TO DISCUSS CHARTER

The Board of Trustees met in regular session at the City Hall at 8:15 p. m. June 6, 1918. All members present.

The minutes of the last regular meeting and of the adjourned meeting of June 4th were read and approved.

The order of business was suspended to give an opportunity to members of the Chamber of Commerce who were present to express themselves in regard to the proposed charter election.

A. T. Cowan, President of the Chamber of Commerce, addressed the Board, stating that the Committee was present for the purpose of obtaining information in regard to the necessity for the new charter at this time. He called upon Roy L. Kent, Acting Secretary, to read from the minutes of the meeting held at the Chamber of Commerce on the previous evening, an account of the action taken at that meeting in reference to the subject. The Chairman of the Board of Trustees stated that in answer to a call to attend the meeting, he had been present and was familiar with the proceedings, and had advised those interested to appear before the Board of Trustees and discuss the matter.

Mr. Lilly asked for information as to any limitations in the present law which might be remedied in a charter. Trustee Muhleman explained that some of the features of the law governing sixth class cities are not adapted to the requirements of a rapidly growing city.

C. L. Chandler, referring to the proceedings at the Chamber of Commerce meeting, stated that the idea seemed to prevail that the adoption of a charter would increase the expense of city government, which idea was probably the first consideration in opposition to the proposed election, a second being the fact that there seems to be no present demand on the part of the people for the measure.

Frederick Baker stated that the proposition involves three elections, and he was of the opinion that while the public mind is so greatly occupied at present on other and more important work looking toward the winning of the war, the time is inopportune, and that the public would not give the matter the attention that it deserves. He stated that while a new charter would not necessarily increase municipal expenses, it is yet a fact that in other cities the adoption of a charter has invariably had this result. He believed that at present the necessities of the nation have the first call upon all our citizens.

Mr. Davis spoke in favor of a charter, maintaining that there is no good reason why a city the size of Glendale should cling to an outgrown system of government.

N. C. Wells stated that he had come to the meeting favoring the charter, but the arguments of Mr. Baker had caused him to doubt the expediency of it at the present time, and he desired further information. Mr. Wattles acknowledged the weight of the argument that the winning of the war is the paramount issue at the present time, but in his opinion, it is unwise to give up our local activities, and believes that Glendale should adopt a form of government sufficient for our needs, believing that the public would support the proposition.

In answer to the question, Mr. Baker stated that he objected strongly to a charter at the present time, because it would be very likely to involve a change in the personnel of the city government, and possibly remove men who are giving excellent service.

John Robert White, Jr., stated that he had come to the meeting with an open mind to back up the trustees in their effort to procure a new charter, but was impressed by Mr. Baker's arguments and wished to be further informed.

J. S. Thompson, former Chairman of the Board of Trustees, testified as to the limitations of the law governing sixth class cities, and believed that in many ways a charter would be more satisfactory.

Trustee Shaw stated that the preparation of the charter by the committee would probably occupy the months of July, August and September, and that a vote on its final adoption need not come off until December. He favored the commission and city manager form of government, and believed the City Manager should have more power; the trustees find it difficult under the present law to accomplish some things which are necessary.

Mr. Cowan spoke against unnecessary (Continued on Page 3)

CALLED TO COLORS

ROGER BROWN WILL ENTER ENLISTED MEN'S PREPARATORY SCHOOL

Roger H. Brown of 300 North Louise street, this city, who has been the local manager of the San Fernando Valley Home Telephone Company, has joined the colors by special induction and will go north Saturday night to the Enlisted Specialist's Preparatory School at Fort Winfield Scott, San Francisco, for a three months' course as Master Gunner. The theoretical part of the course will be largely mathematics, in which Mr. Brown is already proficient, being a University graduate in Civil Engineering. It will also include practice work in artillery firing. After completing this course Mr. Brown expects to be sent for three months to the officers' training camp at Fortress Monroe, Virginia, and from there proceed to the front. Mr. Brown's educational equipment and experience is of the sort most desired by army officials and he considers himself fortunate in being able to enter a congenial branch of the service where he should be able to render effective service. He has been prominent in the Elks' Lodge and has a large circle of friends in this city who will miss him but who wish him Godspeed in his work for his country. Mrs. Brown will probably make her home with her parents. Mr. and Mrs. J. H. Bartle of Monrovia, during her husband's absence.

UNFORTUNATE ACCIDENT

A Glendale woman, Mrs. J. W. Jones of 1333 1/2 Hawthorne street, was the unfortunate cause of quite a serious automobile accident at the corner of Broadway and Fifth street, Los Angeles, Thursday afternoon, in which six women pedestrians suffered broken bones or internal injuries. Mrs. Jones, who is learning to drive her Dodge car, was accompanied by F. D. Marshall, salesman and instructor. The explanation of the affair given by on-lookers is that by mistake she stepped on the gasoline throttle instead of the brake, which caused the car to suddenly shoot forward into a crowd of women shoppers. Another explanation was that an automobile which suddenly crossed her path forced her to suddenly make a turn at Fifth street and wedge into an automobile belonging to J. W. Fitzpatrick. Her course seems to have been a choice between two evils. Broadway is not an easy thoroughfare for experienced drivers, and can easily prove the Waterloo of a learner.

DORAN STREET P. T. A.

The final meeting of the year of the Doran street P. T. A. was held Wednesday afternoon, when a very nice program was presented. It opened with a salute to the flag and the singing of the "Star-Spangled Banner" with piano and violin accompaniment furnished by Ruth and Milton Leavitt. Children of the third grade gave a group of songs and little Bettie Hagood sang two numbers very sweetly, her mother, Mrs. L. N. Hagood, accompanying her on the piano. Mrs. Hagood also contributed two piano selections. Readings, which were much enjoyed, were given by Mrs. Knox and by Mildred McKee.

Miss Hatch, the principal of the school, reported that \$260 worth of Thrift Stamps had been sold to pupils to date.

New officers, recently elected, were installed by the retiring president, Mrs. Cassell, as follows:

Mrs. E. East, president.
Mrs. L. Richardson, vice-president.
Mrs. P. Diederick, secretary.
Mrs. Fred Myton, treasurer.

Following the program a social hour was spent and tea and wafers were served. The attendance was excellent and though no regular meetings of the association will be held during the summer, arrangements were made for the mothers to help their children with war work which they will be expected to do for the Junior Red Cross.

JUDGE WHITE TO SPEAK

Next Wednesday evening there will be a get-together social of the men of the parish of the Holy Family Catholic Church at the Masonic Hall at 8 p. m. Judge Thomas P. White of Los Angeles will be the chief speaker, and an interesting miscellaneous program will be presented of which John Mellish will have charge.

WEATHER FORECAST—Fair tonight and Saturday. Light westerly winds.

Men who tried to enlist in the navy, those doing ship yard work and others getting deferred classifications as war workers will be re-examined as the result of this order.

It is reported that other grain crops vital as wheat substitutes also show satisfactory gains.

WHITE BREAKFAST

MR. AND MRS. BRALY ENTERTAIN RICHARD GRIDLEY D. A. R.

Members of General Richard Gridley Chapter, Daughters of the American Revolution, and their guests were very delightfully entertained by their regent, Mrs. Mary H. Gridley-Braly and her husband, John Hyde Braly, at their hospitable home, 205 North Brand boulevard, Thursday. The occasion was the annual white breakfast of the chapter. Great bouquets of silky matilija poppies and white carnations were used in the rooms where the guests assembled, but Nature was not in sympathy with this scheme of decoration, for the gardens bloomed with a riot of color, the beautiful rose hedge that surrounds the grounds being at its best.

Thirty-two guests were seated at the two perfectly appointed tables, the host presiding at one and the hostess at the other. The four-course repast, so deliciously prepared and so daintily served, was one of those meals for which this home is famous.

Following the breakfast Mrs. T. W. Preston presided as toastmistress, introducing the members of the Chapter in a very charming manner. Mrs. H. D. Goss responded to the toast, "Our Ancestors." Mrs. Goss said the D. A. R. do not believe in ancestor worship, but they do believe the strong, clean lives of those of the past generations are having their influence today. Mrs. Goss gave two instances showing how the keen vision of the men of Revolutionary times is influencing present conditions. She spoke of the manner in which Alexander Hamilton had raised the money to pay off the nation's indebtedness, placing the financial credit of the United States on a solid foundation. She also read from a speech made by George Washington in Congress, urging preparedness for war at all times.

Mrs. Butterfield responded with an appropriate quotation from Nathan Hale.

Mrs. Preston spoke most feelingly as she introduced Mrs. Albert D. Pearce, who responded to the toast, "Our President." Mrs. Pearce eulogized the president most eloquently in the strongest terms.

Mrs. Sherwin Gibbons of Los Angeles quoted President Wilson when she said, "This is not a war of armies but a war of nations." She tried to impress upon her hearers that there is much for the individual to do in this war. There is work for the earnest patriotic spirit to give courage to others and help all to see that "God's in his heaven."

Mrs. Fannie Nichols responded with a quotation from Franklin, "The noblest question in all the world is, what good may I do in it?"

The toastmistress introduced Mrs. Martha Morris as one who had heard the marching feet of many armies and asked her to speak on "Our Army." Mrs. Morris said: "The army building in this country will be absolutely the finest in mental and physical ability ever seen anywhere. And why? There is such a strong personality among our men. They are not machine-made like most of the foreign soldiers. In our army nothing counts but what a man is, not his wealth, position or political influence, but his own merit. In the wars in which America has fought (six, I think) we have been victors. Why should we not win in this the greatest of all the world's wars, when such an army of Christian men and women are working and fighting not only to save lives and limbs but souls. The greatest thing in our country today is the power of the holy spirit slowly but surely forming in the hearts of our men and boys. It must be the new soul of America coming into its own with the inspiration of so many Christian officers. May we not call our splendid army the army of the Lord? For

Up 'mid the stars and the angels
Sits God and His only Son,
And I know that with soul and being
They will see that our fight is won."

Mrs. La Gross gave a timely quotation from Nathan Hale in response to the roll call.

Mrs. Marsters of Los Angeles spoke very feelingly of present-day conditions and brought out the thought that this is a war between truth and error and expressed her firm conviction that the promise that "righteousness will cover the earth as the waters the sea," will be fulfilled.

Mrs. Gertrude Follansbee gave a toast to "Our Navy." She said at first she was appalled at the thought of making a subject of such overwhelming magnitude conform to an after-dinner speech, but when she considered that our war breads do not make good toast, but we are glad to eat them anyway to help win the (Continued on Page 2)

GLENDALE WINS

ELKS BOWLING TEAM VICTORS IN THREE GAMES AT ANAHEIM

It seems to be a habit for Glendale to win in any athletic endeavor. The Elks' bowling team are trying to keep up with our High School and so far have succeeded. Last night they journeyed to Anaheim and won two out of three. The games were close and very exciting, the first being won by 13 pins and the second by 4 pins, in each instance the cool headwork of Hearnshaw saving the day after the game had been practically lost, especially by the poor showing of Captain Ward, who seemed very anxious to present all three games to Anaheim. The "Midnight Crew" were very much in evidence and all seemed to have a good time. Glendale is now tied for first place with Los Angeles, each having won four and lost two. Scores follow:

ALASKAN MISSIONARY

Miss Effie Jackson, a missionary to Alaska sustained by St. John's Episcopal Church of Los Angeles, who has been in Southern California on a furlough, was the guest last week of Mrs. F. E. Storer of Gardena avenue, also Mrs. Dora Hurlburt of Inglewood. The three ladies were schoolmates in Rochester, New York, and all attended the Brockport College. Mrs. Storer returned last fall from a long visit to her native state and while there attended the fiftieth anniversary of the founding of the college, at which 21 out of the 28 original members of her class were present. A group picture was taken of the class which Mrs. Storer was able to exhibit to her guests with news of the various members, and the reunion of the trio was a very happy one. Miss Jackson leaves for Fairbanks, Alaska, to resume her work June 11th.

READING CIRCLE GARDEN PARTY

The Reading Circle which meets regularly at the home of Mrs. Charles H. Toll on Kenneth road is arranging for its annual farewell function for the members who flit to the beach or elsewhere for the summer. It is to be a garden affair in the beautiful grounds which surround the Toll residence and will begin in the forenoon and last until about the middle of the afternoon. The committees who have the menu in charge will assign to each member the thing she is to bring for the feast, and a surprise program is being prepared which is said by the initiated to be unusually good.

WHITE BREAKFAST

(Continued from Page 1)
war, she thought it fitting that our social hours should be somewhat subdued, our laughter not quite so gay, that it was fitting that we should take our toast dry, masticate it well and assimilate it and be the stronger for it. Mrs. Follansbee's introduction gave the impression that her toast was going to be dry, but she gave some tremendously interesting and vital facts in regard to our navy. The accomplishments of that branch of the service which she recited made her hearers more than ever glad to be Americans.

Miss Goff recited with splendid effect, "Thou too sail on, Oh, Ship of State."

Mrs. S. C. Leppelman, Flag Chairman of the Chapter, was called upon to speak on "Old Glory." She gave some very interesting facts in regard to the flag and a beautiful eulogy of Old Glory.

Mrs. Sarah K. Thompson asked if a little girl might speak a piece and recited very sweetly, "The Landing of the Pilgrims."

Mrs. Pirt responded with an apt quotation.

In introducing Mrs. C. W. Houston, who spoke on the Service Flag, Mrs. Preston read the following verses:

"It hangs below the Stars and Stripes
A banner bright and new,
Red bordered with a field of white
And stars of deepest blue.

However humble be the home
O'er which this flag shall wave,

It glorifies it with the light
That shines upon the brave.

For where this new-born banner flies
A man has buckled on
The sword in Freedom's holy cause,
And from the home has gone.

To face a trinity of death
In lead and steel and gas,
So when you see the Service Flag,
Salute it as you pass."

Mrs. Houston said in part: "The word 'service' has been lifted to a higher and nobler plane since it has been coupled with the word flag or banner. Formerly we thought of it as servitude in a crude sense; today it stands as the highest expression of patriotism. Every star represents a stalwart, red-blooded American fighting for the greatest principle possible—the democracy of the world."

"Surely every Daughter present will be proud to know that the California Daughters of the American Revolution now have 483 stars on their service flag and almost daily new stars are being added to the field."

"A dear little aunt of mine proudly displays a flag with ten stars on it—every star representing a son, grandson or great grandson."

"Remember that every star represents the throbbing heart of a man fighting for you and for me 'over there.' In our service to them let us keep in mind the words of Harry Lauder, 'If our men can die fighting for us, surely then in God's name we can die working for them.'"

Mrs. Patterson gave the following

touching toast: "The star in the window. The mother's sacrifice, the world's hope of democracy."

Mrs. Rathbun read from the diary of a statesman of the Revolutionary period showing that they had to use "substitutes" in those days also. The writer had substituted whiskey for rum and found it just about as good.

Mrs. T. H. Addison was given an impossible task when she was asked to tell of the patriotic work done by the Chapter the past year. The ladies have done war work so diligently in so many ways that it was impossible for her to give a complete report. However, she stated that garments had been completed for the Red Cross as follows: twenty-one helmets, 28 scarfs, 35 sweaters, 78 pairs of socks, 21 pairs of wristlets, 19 sponges, 16 comfort bags, 12 handkerchiefs, one large afghan and 51 blocks for another afghan. Besides this many little garments were made and more than \$30 collected for the maternity cottage, a special charity of the Chapter.

Mrs. Lizzie Pierce gave a maxim which she has received by hereditary tradition from her ancestors. "After what I owe to God, nothing should be more dear or more sacred than the love and respect I owe to my country."

Miss Ida Myers responded to the toast, "Our Regent." She said:

"We are proud of our golden state, the land of sunshine and flowers; we are proud of our beautiful scenery, our good roads, our fine schools, our splendid war gardens; but greater, far greater than all these, are the loyal, true-hearted, patriotic women of California, who are giving their time and strength to the Red Cross and their best and dearest to our country."

"One of these women, whom we especially delight to honor, is our regent, Mrs. Braly. Always faithful and always true, she is an inspiration to all who know her. She gives her chapter a vision of the power of united effort to accomplish big things, and as we fling out our flag of red, white and blue and seek to preserve everything of historical interest, she leads us forth boldly and bravely in the effort for a better, finer, higher type of American citizenship and a bigger, broader, nobler outlook for the whole world."

"Our devoted regent has the welfare of the D. A. R. constantly on her heart and sometimes we wonder if she ever sleeps, for it seems the days are scarcely long enough and she must lie awake nights thinking of delightful and helpful things to do for her chapter."

"We love our regent. We love her for her loyalty, her patriotism, her charm, her tact, and above all for her sweet spirit of friendliness that warms the heart. She is indeed a loving mother to her daughters. 'She is bound by a thousand bands to our hearts. Not a tie will break, not a link will start.'"

"And on the annals of fame, with a loving hand, we would write her name—Our Regent."

The toastmistress then called upon the host to speak of the work of the Glendale Chapter of the Red Cross, which he heads and in which he is deeply interested. He spoke of the marvelous things the Chapter has accomplished in the past year, especially the success of the recent War Fund drive. He said he believed that there was not a lady present but would stand beside her son or husband until both of them fell fighting rather than endure that any part of America should come under the rule of the Hun. He said, "I would give my last cent and my last drop of blood rather than see Germany dominate our country." He is certain that the words of Jesus, "Blessed are the meek for they shall inherit the earth," are coming true today. He explained that the meaning of the word meek had become degraded. As Jesus used it it meant the gentle, the loving, the friendly, the kind. He said the time is not far hence when we will have a better people on this earth. It will cost an enormous sum in blood and money, but Prussianism must go down in the dust.

Lastly, the toastmistress introduced the beloved regent, who said there were not words enough in the dictionary to express her love and gratitude to her exemplary daughters. She expressed her appreciation of the faithfulness of the members of the chapter and especially mentioned Mrs. Addison, who is always ready to do the hard things, and Mrs. Preston, who was such a charming and efficient toastmistress. Mrs. Braly's toast was "Climbing Out of the Trenches." She said:

"Our soldiers, as well as all the allies, anticipate getting out of the trenches of hardships and superhuman effort some of these days, but the anxious, anticipating, apprehensive conditions of mind seem to develop genius and practical ability to fit them to go 'over the top' when the moment arrives that calls for this supreme action."

"Progress for our soldiers means just what it means for those of us who are at home and working for the advancement of everything in the way of aiding in the winning of this world's war. Developing the gifts that have lain dormant in the trenches of inexperience until we climb up over the top to the perfection of usefulness in every way whereby we may help our country to battle for right principles and destroy the evil that is rampant in European lands—we believe this dreadful war will prove a blessing in disguise to

our own people, bringing out the noblest qualities of patriotism, loyalty to God and country, industry, where idleness was often fostered, inventions in all branches of business and art and an uplifted vision of the true value of right living. One step of advancement reveals another higher step and so we shall go on until we shall all go over the top in loyal citizenship and a truer spiritualization. Therefore, we feel very optimistic regarding the general effect of the war. Without very strenuous measures we do not come to a realizing sense of our lack of development."

"Man's extremity is God's opportunity" to aid in a higher ambition for more useful lives for the American people."

The regent then installed the officers for the coming year: Vice-Regent, Mrs. C. W. Houston; Secretary, Mrs. Mabel Franklin Ocker; Corresponding Secretary, Mrs. Gertrude Follansbee; Treasurer, Mrs. S. C. Leppelman. In turn, the Vice-Regent installed the regent, Mrs. Braly, and after the assembled company had sung a clever original song written by the hostess, with Mrs. Ocker as accompanist and her sister, Mrs. Head, as leader, the second annual white breakfast of the General Richard Gridley Chapter was a pleasant memory.

SOUVENIR OF THE MAYFLOWER

Mrs. Edgar Leavitt of 512 Orange street and her mother, Mrs. Mary M. Winslow, Tuesday afternoon entertained Willard Farrington and his sister Mrs. Wheeler, nephew, and niece of Mrs. Winslow. A week ago they entertained another cousin of Mrs. Leavitt's, Frank A. Winslow, from San Simon, Ariz., who remained with them until Friday. The Winslows are descendants of the family of Governor Winslow of Massachusetts, who was one of the passengers in the Mayflower. Mrs. Winslow treasures a cross made by one of his descendants from the wood contained in the sea chest he brought to America on that voyage, which was cut up to make family souvenirs.

Benjamin Small came up from Fort Rosecrans on leave which he spent as the guest of his mother at 120 Brand boulevard (Tropico district). With him were four soldier comrades, Illinois boys.

At a very pleasant meeting of Carnation Rebekah Lodge, which took place last Tuesday evening, a new member was initiated. Refreshments were served and the members enjoyed a very good time socially.

Mrs. J. W. Stauffacher and Mr. and Mrs. E. R. Stauffacher returned Thursday from a pleasant week's outing at Santa Barbara. They motored to the beach city and enjoyed the fishing and sightseeing very much.

Mrs. Rosencrans, sister of J. F. Hearnshaw of 1458 Lomita avenue, leaves Sunday for her home in Chicago. It is the second time she has visited Southern California and she has made many friends in Glendale who will regret her departure.

Mrs. Charles Toll of Kenneth road, at the election of officers for the Ebbl Club of Los Angeles, which was held the first of the week, was made first vice-president, a signal honor for an out-of-town woman in a club of the size and importance of the Ebbl.

Mrs. Knoche, daughter of Mrs. Frank Zerr of 141 Cedar street, is at the Burbank Hospital and has been quite ill, but hopes to be able to return to her home in the near future. Mrs. Zerr spent the day with her at the hospital Thursday.

Mr. and Mrs. Edward Ayers of 215 Palmer avenue have had the pleasure of entertaining Albert Stimpson of San Diego, this week, who formerly resided in this city, and another old resident in Captain Lilly of the fire department of Los Angeles. Dr. C. D. Kinsley, 318 South Louise, returned Thursday evening from attending a meeting of the State Homeopathic Medical Society of which he is a member, held at Arrowhead Springs. He reports a very successful and instructive meeting. The final session was held at Patton hospital, which is devoted to Homeopathic treatment of the insane by the state. A fine luncheon and clinic were enjoyed by all.

Last Tuesday James A. Farrell of 123 East Broadway visited Big Bear Lake as the representative of Barker Brothers, who are furnishing the new hotel called the Fawnskin at Klein-Miller. After completing his business he took a day off for fishing and returned Thursday evening with a "mess" of fine big trout. It was an unexpected outing and he reports that he had "an elegant time."

This was the last of a chain of such parties.

A concert which was much enjoyed by guests was given at the Glendale Sanitarium Tuesday evening by Miss Susine Wessels, violinist, and Miss Mildred Pray, pianist, of this city. The program was classical and included violin, viola and piano numbers by the artists named, a special feature being a viola solo by Miss Wessels on a very fine instrument made by Mr. Lindsay of Los Angeles, loaned for the occasion.

William Renshaw, son of Mr. and Mrs. Joseph Renshaw of 1462 Lomita avenue, is now engaged in topographical work for the United States government in Oregon in connection with the mapping of the country back of the Cascade Mountains. He has been there about two weeks and expects to be kept busy all summer. In common with other colleges, Throop will delay the opening of its fall term for several weeks to give its students a longer period for work, as the government has need of the labor of students who have had technical training.

Mr. and Mrs. William Harvey of Los Feliz boulevard, this city, entertained at dinner Thursday evening, Mrs. and Mrs. Oliver Merrill and Dr. A. O. Conrad.

Arrangements are being made for a recital in the near future at the First Methodist Church of this city by Mr. Ellis, organist of the University M. E. Church of Los Angeles, assisted by Los Angeles talent.

Among the recent arrivals in our city are Mrs. Wm. Winston and little daughter, Minnie Lee. They came from Columbus, Miss., to spend the summer with their life-long friends, Miss May E. and Will M. Wright, in their very attractive home on Doran street, North Glendale. Mrs. Winston is so charmed with the delightful climate and beautiful situation of Glendale that she may become a permanent of the Mississippi colony which is constantly growing in our midst.

TIME DOES NOT FLY

He had just reached the philosophical stage when he slipped into a restaurant for a bit to eat. Then he sat staring ahead, thoughtful in expression, and waited.

It is admitted he did some waiting, too. What happened to his order couldn't be understood outside the peculiar restaurant kitchen, but he spent half an hour sitting there staring ahead of him.

At last it came. As the waitress put the order before him he started from his deep study as if he had forgotten he had an order coming. Then, looking at the fair transporter of edibles, he said: "You don't look a day older!"—North Westchester Times.

CITY TRUSTEES.

(Continued from Page One)

sary agitation at the present time. In answer to a question, the City Attorney expressed the opinion that as the election had been called by the Trustees independently without any petition requesting the same, the whole proceedings would die naturally if for any reason no election should be held on the 9th of July as had been announced.

Roy L. Kent expressed the belief that the present is not the proper time to take up this matter; many citizens of Glendale finding their time fully taken up in public work, and he thought it questionable whether fifteen men adapted to doing the work of forming the charter could be found who would give it their time and attention for the next two or three months.

Mr. Franklin expressed himself as well pleased with the present management of the city government, and would favor the adoption of a charter if the condition of the affairs of the country were different than they are, but doubted the wisdom of going ahead at the present time.

Mr. Lilly brought up in connection with the debate the question of the proposed increase of telephone rates between Glendale and Los Angeles, and expressed the opinion that the money necessary to be expended for the three charter elections could be better applied in paying the expenses of a campaign in opposition to the proposed increase of rates by the Telephone Company.

In connection with this matter, the Clerk read a resolution adopted by the Chamber of Commerce at its meeting of the previous evening, as follows:

Whereas, the Railroad Commission of the State of California has, at the request of the Pacific Telephone and Telegraph Company, issued its order permitting said Telephone Company to place in effect in the near future a regulation providing for a toll rate of ten (10c) cents

per call between Los Angeles and Glendale; and

Whereas, the franchise granted to said Telephone Company by the City of Glendale several years ago, and now in effect, was granted upon the theory and under the representations of the Telephone Company that service would be furnished the inhabitants of the City of Glendale to the City of Los Angeles, purely and solely as a local, and not as a long distance service, all of which was incorporated in, and made a part of, said franchise; and

Whereas, this service has been built up and established entirely as a local service, and that an enormous traffic has been established by reason of this condition; and

Whereas, it appears that this service would be made prohibitive by the placing in force of a rule providing for a toll message of ten (10c) cents per call; and

Whereas, a large proportion of the telephone subscribers in the City of Glendale maintain their 'phones for the primary purpose of communicating with the members of their families who maintain businesses in Los Angeles; and

Whereas, such regulation is unfair, unreasonable and discriminatory; now, therefore, be it

Resolved, by the Chamber of Commerce of the City of Glendale, that the Board of Trustees of said City be requested to take all legal action available for the purpose of procuring a modification of said order, and that the Trustees in the near future call a public meeting of the citizens of said City, for the purpose of informing them of said proposed regulation, and of the seriousness of its purport and effect, in order that the citizens of the community may have an opportunity to express their attitude in regard to said proposed regulations.

A. T. COWAN,
Chairman, Chamber of Commerce of the City of Glendale.

ROY L. KENT,
Secretary.

On motion of Trustee Muhleman, it was ordered that the Board of Trustees comply with the request contained in the resolution just read, and that a public meeting to discuss the matter of the proposed increase in telephone rates, be called in the near future.

The City Attorney stated that the City had already taken legal action in the matter, and that a hearing before the Railroad Commission was set for June 25th next. Discussion ensued as to means to be adopted for advertising the proposed mass meeting, so that a good attendance at the meeting might be secured, and a motion of Trustee Jackson was adopted, that the Chairman appoint a committee of five citizens of the community to take up the matter of a public meeting and have charge of the arrangement of the same, the Board of Trustees assuming the expense of advertising, etc., to an extent not to exceed \$75.00.

The meeting appointed the following Committee:

S. N. Clark.
A. T. Cowan.
Frederick Baker.
W. C. Wattles.
E. K. Barnes.

Chief Lankford of the Fire Department appeared before the Board and made a statement in regard to the hose delivered by the American La France Company contrary to the terms of the contract, as understood by the Trustees and himself, and as set forth in the minutes of the Board. Ex-Chairman J. S. Thompson testified as to his recollection of the matter, confirming the transaction as set forth in the minutes. On motion of Trustee Shaw, the City Manager was instructed to notify the parties who had delivered this hose at the

THEY CAN'T HELP IT!

Two women who had not seen each other for many years met unexpectedly in the street.

"How do you do?" exclaimed one, effusively.

"Now, this is delightful!" said the other, who was the elder. "You haven't seen me for eleven years, and yet you knew me at once! I can not have changed so dreadfully in all that time. It flatters me!"

"Oh, I recognized your bonnet," said the first.—Pittsburgh Chronicle-Telegraph.

WE'RE FOR THE MAJOR!

The cantonment commander is a very unpretentious-looking officer, so when a rookie approached him with a question and failed to salute he merely smiled, answered the question, and then said in a kindly tone, "Do you know that you are supposed to salute an officer?"

The rookie stared, then stammered, "Gee, mister, I didn't know you was an officer."

The general smiled quietly and said, "You should be thankful that I'm just a Major General and not one of those newly commissioned second lieutenants."

The fussy old gentleman asked the chance traveling companion "Have you any children, sir?"

"Yes, sir, a son."

"Ah, indeed. Does he smoke?"

"No, sir, he never so much as touched a cigarette."

"So much the better, sir; the use of tobacco is a poisonous habit. Does he frequent clubs?"

"He has never put his foot in one."

"Allow me to congratulate you. Does he never come home late?"

"Never; he goes to bed directly after dinner."

"A model young man, sir, a model young man. How old is he?"

"Just six months."
